

▶ Modern Slavery Act Compliance in 30 days

CENTRL's Modern Slavery Act Compliance Platform (MSA360) is a one-stop solution for complying with the Modern Slavery Act. MSA360 provides the necessary policy and report templates, management dashboards, and fully automated capabilities for assessing and managing risks with internal operations and suppliers. With little setup required, it can be implemented quickly in any business.

CENTRL also offers a FastTrak program to manage your Modern Slavery assessment program and statement submission, as a professional service

▶ Included in your FastTrak Services:

Environment set up

- ✔ Set up production environment
- ✔ Set up client users and permissions

Upload Vendors/Suppliers

Finalize Assessment Template

- ✔ Provide regulatory consulting expertise to help client finalize Questionnaire

Manage Supplier & Internal Assessments

- ✔ Publish MSA Assessments to suppliers or internal business units
- ✔ Provide support to suppliers to complete Assessments
- ✔ Follow up with up to 3 reminders to suppliers to complete Assessments

Issues Module

- ✔ Create issues in application & publish to suppliers as needed

Dashboards, Reports & Statement Template for the ABF

- ✔ Provide executive summary report to client
- ✔ Provide template for final ABF statement submission including the 7 areas required by the ABF
- ✔ Assist with drafting the statement and use of assessment results data to populate the statement

Client Responsibilities

- Provide Vendor/Supplier List
- Approve supplier questionnaire and grading scale
- Identify which group of vendors get which questionnaire
- Review automated scoring
